STRONG CAST IRON GEARBOX
Improves the durability of your machine, requires less servicing and provides more stable operation in all conditions.

EFFICIENT POWER STEERING

Choose drive/traction on either left or right wheel to improve maneuverability, efficiency and reduce operator fatigue.

POWERFUL CAST IRON IMPELLER

The industry's only cast iron impeller is a more effective solution for delivering deep and heavy snow up the chute.

ADJUSTABLE SKID SHOES

Composite skid shoes provide smoother operation and reduce damage to delicate surfaces. Steel skid shoes are also included.

POWERFUL HUSQVARNA ENGINE

New generation Husqvarna engines feature quiet muffler technology, throttle control and a forged crankshaft for years of reliable service.

DURABLE RIBBON AUGER

Improves the mix of snow and air making the snow easier to handle, and thicker steel improves stability and durability.

HYDROSTATIC TRANSMISSION

Controlled by a lever on the operator panel, infinitely variable forward/reverse drive improves maneuverability and ensures optimum performance under changing conditions.
