Application Engineering

"LET'S BUILD IT TOGETHER!"

Call us for Application Engineering, we have solutions for you. In our 60,000 sq. ft building, Gamka houses a very experienced staff, 30,000 stock inventory items, 1,400 pieces of job proven rental equipment, expert mechanics, with 9,000 parts for equipment and engines in house. We do early deliveries using our own trucks and drivers. Gamka has been a Full Service Construction Equipment and Supplies Provider since 1986, and is family owned and operated, not a chain. Drop by our 2,000 sq. ft. showroom and learn about us.

Gamka's 60,000 sq. ft. warehouse is centrally located in Edison, NJ .

Gamka Sales Company, Inc.

Gamka will help...

Gamka has 9,000 parts in stock for immediate use.

GAMKA'S Service Department is fully equipped with the experienced mechanics, tools and machinery to repair any light to medium sized construction equipment owned by GAMKA'S customers.

The GAMKA Shop is prepared and able to service any power unit on this equipment whether fueled by gasoline, diesel or electricity. GAMKA offers complete engine rebuilds, in house. Air and electric tools and laser repairs are also done routinely.

All work is guaranteed for 30 days against defective parts or labor and estimates will be provided upon request, before work is begun.

Call for pick up and delivery on GAMKA trucks. We specialize in rapid turn-a-round.

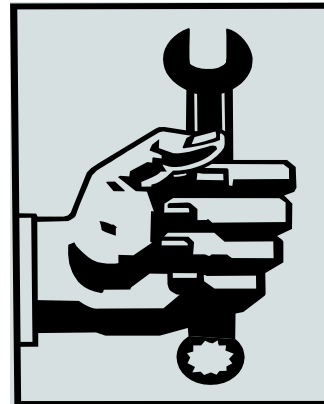

For customers able to perform their own repairs and service, GAMKA'S Parts Department has more than 9,000 items in stock, including equipment and engine parts and lubricants, coolants, shop supplies and special tools.

For expert service or parts, call GAMKA,

TOLL FREE: 888-248-1400.
