Cast In Place System

Armor-Tile™ Tactile Systems Cast In Place Tiles are a highly durable cost effective solution for setting detectable warning tiles directly in newly poured concrete.

- lowest cost installation system available
- certified to meet ADA and State requirements
- integral embedment flanges are the complete anchoring system
- sustains dynamic vehicle loading, AASHTO HS20-44 wheel load test
- easily cut to conform to angled and radius ramps
- sizes available; 12" x 12", 24" x 24", 24" x 36", 24" x 48", 24" x 60", 36" x 48", 36" x 60"
- nine (9) standard colors available with Federal Color identification

Surface Applied System

Armor-Tile™ Tactile Systems Surface Applied Tiles are the solution of choice for public rights of way requiring an upgrade to meet ADA requirements.

- cost effective for retrofitting or new construction
- complete system supplied; tile, adhesive, fasteners, sealant
- beveled edges for smooth transition meeting ADA requirements
- light weight and easy to handle
- easily cut to conform to angled and radius ramps
- sizes available; 12" x 12", 24" x 24", 24" x 36", 24" x 48", 24" x 60", 36" x 48", 36" x 60"
- nine (9) standard colors available with Federal Color identification

Modular Paver System

Armor-Tile™ Tactile Systems Modular Paver Tiles are the solution of choice to integrate with landscape pavers.

- high strength modular paver can be dry laid on compacted fill or set in a grout bed or drypac
- sustains dynamic vehicle loading, AASHTO HS20-44 wheel load test
- easily cut to conform to angled and radius ramps
- sizes available; 12" x 12", 24" x 24"
- nine (9) standard colors available with Federal Color identification
